**Our work this term will include...**

Our topic this term is 'Diversity'. Our topic focus will be Science and Technology. We will be exploring and experimenting sound, light, the water cycle and electricity. In Languages, Literacy and Communication we will be looking at instructional writing and reading George's Marvellous Medicine. In Welsh, we will continue to participate in Cymraeg Bob Dydd and recap on previously learned phrases. In Mathematics & Numeracy we will continue to 'Beat that' with our weekly Learn Its and undertake weekly CLIC and SAFE challenges. In Health & Well-being we will be further developing our PSHE skills with weekly Jigsaw sessions with Jigsaw piece Jino. At the end of this term we will be hosting a science fayre to showcase our learning for this term.

## How to support your child at home;

It would be very beneficial for your child's learning to practise reading with them every day. Please could you initial your child's reading record to show they have read with you. When they have read their book, more than once, your child will be able to choose a new book from their colour band. Almost all pupils should have progressed onto our Accelerated Reader Scheme and have been able to choose a book which they can also read at home and be 'quizzed' on. Finally, can you ensure that your child is 'doodling' at home on DoodleMaths please.

### Things we need this term.....

Please ensure all items of clothing and water bottles are clearly labelled with your child's name.

Children may bring a healthy snack to school for their break time snack. Please could this be put separately in their green bag to then be put into their tray.

Please inform the school if alternative arrangements have been made for your child to be collected from school.
