

ALBERT PRIMARY SCHOOL

YSGOL GYNRADD ALBERT

12TH JANUARY 2022

It was lovely to welcome everyone back to school last week. We must say a huge thank you to the children and to yourselves for the support we received as we started a new term under these new restrictions. As always, the measures and protocols we have implemented in school are there to help protect and safeguard our children, their families and our staff.

Spring Term Diary Dates

Wednesday 12th January - Year 6 - PC Alex : 'It's Your Choice'

Wednesday 19th January - Year 2 - PC Alex : 'Right or Wrong?'

Monday 11th to Friday 22nd April - Easter Holiday

COMING SOON

Spring Term Class
Information Sheets
for Parents/Carers

Further details will be sent home closer to particular events.

Remediation of the western boundary wall at Albert Primary School

You may have noticed that fencing has been erected in the main school playground adjacent to the western boundary wall and that the timber trail is currently out of use. This is because the Local Authority will be carrying out future remediation works to the boundary wall.

Once the Local Authority has carried out a survey of the existing block wall foundation they will be able to determine the method required to remediate the existing western boundary wall, and put the work out to tender.

They aim to get the works underway as soon as possible, in consultation with neighbouring properties and building consent. When the school is informed of the work taking place we will updated you accordingly.

Summary of self-isolation and testing guidance – 6 January 2022

The table below summarises the latest advice on self-isolation and testing. Please note that guidance may change in future and the latest position and further guidance can be found at gov.wales/self-isolation.

	Has tested positive	Has symptoms	Identified as a close contact	Routine testing arrangements
Learners aged under 5 years	Self-isolate for 7 days.	Not required to test. Should stay at home until they are well enough to return to school.	Not required to test. Should stay at home until they are well enough to return to school.	None.
Learners aged 5-11 years	Self-isolate for 7 days. Should take LFTs on days 6 and 7 – if both are negative can leave self-isolation.	Book a PCR test, self-isolate until the test results are back. If positive continue self-isolation for 7 days from date symptoms started, if negative leave isolation.	Use LFTs daily for 7 days. If negative, no requirement to self-isolate. If positive, they should self-isolate for 7 days from the date of the positive LFT.	None.
Learners aged 11+ years and fully vaccinated adults	Self-isolate for 7 days. Should take LFTs on days 6 and 7 – if both are negative can leave self-isolation.	Book a PCR test, self-isolate until the test results are back. If positive continue self-isolation for 7 days from date symptoms started, if negative leave isolation.	Use LFTs daily for 7 days. If negative, no requirement to self-isolate. If positive, they should self-isolate for 7 days from the date of the positive LFT.	Strong expectation that LFTs are used three times a week to identify asymptomatic cases.
Unvaccinated adults	Self-isolate for 7 days. Should take LFTs on days 6 and 7 – if both are negative can leave self-isolation.	Book a PCR test, self-isolate until the test results are back. If positive continue self-isolation for 7 days from the date symptoms started, if negative leave isolation.	Must self-isolate for 10 days. Should also take LFTs on day 2 and day 8.	Strong expectation that LFTs are used three times a week to identify asymptomatic cases.
