Our work this term will include...

Our topic 'Cynefin' which is focusing on our community. It will involve learning about our local area and capital of Wales – Cardiff. After half-term we will be looking at Wales in the past, including school and home life. In language we will be asking questions about Cardiff and using what we find out to create mind maps. We will also be creating an advert for the principality stadium and researching the life of Roald Dahl. In Science & Technology we are investigating the best material for building a pier. In Welsh we are learning the vocabulary for members of our family. In Mathematics we will be learning our jigsaw numbers to ten and focusing on addition/subtraction. We will also be learning how to tell the time to the nearest hour and half hour. We will use shapes to create patterns and learn 2d and 3d shape names. In ICT the children will be focusing on how to keep themselves safe online and creating presentations.

How you can help your child at home...

It would be very beneficial for your child's learning to practise reading with them every day. Please could you initial your child's reading record to show they have read with you. When they have read their book, more than once, your child will be able to choose a new book from their colour band. When they are ready to progress to our Accelerated Reader Scheme they will be able to choose an additional book which they can also read at home.

Things we need this term.....

Please ensure all items of clothing and water bottles are clearly labelled with your child's name.

Children may bring a piece of fruit to school for their break time snack. Please could this be put separately in their green bag.

Please inform the school if alternative arrangements have been made for your child to be collected from school.
